May 21, 2009

Benchmark Young Adult School© is pleased to announce the formation of Benchmark Transitions©, the new designation for our transitional living curriculum. Benchmark Transitions will include: Benchmark's therapeutic services and clinical treatment, Recovery by Benchmark©, Benchmark's Transitional Living Phases©, and Acacia©, an individualized life skills program. The Benchmark Young Adult School title will still apply to Benchmark's educational curriculum.

Jayne S. Longnecker-Harper, founder and Executive Director/CEO of Benchmark explains, "Our expanded programs will serve our current clients by providing them with additional resources and tools, expanding their options and increasing their opportunities for growth as they continue on their journey toward independence and self-reliance. They will also provide new clients seeking assistance with a broad scope of resources as they strive to learn how to live a healthy, responsible and sober life."

With the formation of Benchmark Transitions, we now have a new website as well, www.benchmarktransitions.com. Please note that all other contact information will remain unchanged.

Benchmark Transitions is a residential transitional living program for 18-28 year old men and women providing clinical treatment, addiction recovery, aftercare, education and life skills.

For additional details, please contact admissions at 800-474-4848 or visit our web site at www.benchmarktransitions.com.
