New Haven, an InnerChange program, has once again been awarded Utah's Best of State Award for Youth Treatment Centers!

This is the second year in a row that New Haven has been rated #1 among treatment programs in Utah. New Haven will be honored along with other winners at a black-tie dinner on May 30th, 2009. Nominees for the Best of State Award were judged in three categories: service to the community, innovation, and overall excellence.

Congratulations to the New Haven team for their outstanding achievements and commitment to excellence!

New Haven, an InnerChange program, is a residential treatment center for girls ages 13 through 17 who are experiencing emotional, social and behavioral issues.

Our therapists specialize in treating severe anxiety and depression, personality disorders, post-traumatic stress disorder (PTSD), addiction, OCD, attachment disorders, school failure and eating disorders.

Located in beautiful Spanish Fork, Utah, New Haven combines clinically sophisticated therapy with intensive family work in a values-based setting.

For more information, please visit www.NewHavenRtc.com.

InnerChange provides educational, treatment, and recovery programs for adolescent girls and young women experiencing emotional or behavioral difficulties. Each of our residential treatment and transitional living programs is clinically sophisticated and designed to facilitate whole-family healing. We are committed to restoring hope in the lives of those we serve. InnerChange programs include New Haven, Sunrise and Fulshear Ranch Academy.
