February 24, 2009

Pamela Broker, Director at Milestones for Young Adults, a transitional living program for young men and women ages 18 and over, is pleased to announce the addition of Claudia Peterson and Susie Majeski to their team of staff.

Claudia will be the Admissions Director at Milestones and has over 14 years experience working with parents in the private schools and programs industry. "Being able to make a difference and giving parents an option for their children to be successful and have the ability to live with compassion, integrity and have a healthy life" is what Claudia intends to bring to her new position. In her off time, Claudia is the mother of six and the grandmother of 14 and needless to say loves kids!

Susie Majeski holds a Masters Degree in Social Work from the University of Wisconsin-Madison and is a Licensed Clinical Social Worker in the state of Idaho. She has joined the transitional program Milestones as their new therapist and brings years of experience from both her private counseling practice and her work at a therapeutic boarding school in north Idaho. She has a passion for working with adolescents and young adults and brings the concept of "We Are the Lesson" into her work by encouraging and modeling appropriate, healthy and responsible behavior which is well suited for a transitional program.. Susie adheres to a strength based and solution focused model of therapy in her clinical practice. Her style encourages each individual to discover their unique talents, gifts, and abilities; utilizing these abilities to contribute to a valuable outcome. In Susie's spare time, you will find her hiking, motorcycling, reading, or spending quality time with her family.
