June 15, 2009

I would like to inform you that Sarah Fausett, Admissions Coordinator has moved to Boulder, Colorado to enjoy the city life which will also provide more contact with people her age. She was wonderful to have as an employee and will be missed.

We understand and support her decision, since it's hard to be single and live in Noxon, Montana. Fortunately for us Lynn Marshall (Bambi) moved this winter to the admissions office as Admissions Coordinator from Program Coordinator where she had been for the last 6 years. She is learning very quickly her new role and is excited for the challenge.

Since Sarah's departure we have been interviewing for an Admissions Director and are happy to announce Tracey Sutton will be joining us July 15.

She is currently moving from Rhode Island where she has been working at Emma Pendleton Bradley Hospital for the last 5 years, part of that time as acting Clinical Director. She has a Master's in Social Work and has worked for therapeutic boarding schools for 8 years prior to working at Bradley. We are excited to bring this depth of knowledge and experience to our admissions team and Monarch community.

Tracey will become your point of contact and will work closely with consultants, families and wilderness therapists to make sure all needs are met and each child is appropriate for Monarch School.

Tracey's e-mail will be tracey.sutton@monarchschoo.net.

Tracey will also be on campus at night to spend time with the students, join creative art classes and occasionally sit in group during the day. Her involvement within the school will enhance her ability to articulate from personal experience how Monarch School provides such a unique opportunity for our students and families.

As always, thank you for your support, we appreciate any feedback you may have about our admissions process or any other aspect of our school.
