February 11, 2009

Larry, Karen, Anngela, and Jennifer have rejoined the family of Wilderness Quest. They bring over 60 years of experience back to the field. They are thrilled to be back in the industry working as your colleagues assisting families as they heal.

As the 12 Step Recovery Director Larry will be training staff, support adolescents and guide young adults in the field with hands on group dynamics.

Karen brings her talents and skills assisting families, alumni families, and training of staff.

Jennifer brings her skills as the Director of Human Resources overseeing all office operations including accounting, admissions, and licensing.

Anngela fulfills her passion as the Admissions and Marketing Director.

We have been through a lot together. As we all struggle during these economic times, we really thought this opportunity through and made a decision that would not affect our trust and reputation with all of you. Wilderness Quest will be here tomorrow helping parents and supporting families as we have continued to do since 1989. We have always appreciated your support and the trust that you have instilled in us assisting with families. We will continue to do so. This is from the heart. This is what we know. This is what we love.

We will be sending new updated information soon so please be on the lookout for it.
